GameTek

The Biggest Names are on our Games!sm

GameTek brings those international superstars of basketball, the Harlem Globetrotters®, to your Nintendo Entertainment System. Now, you can play with 1, 2, or 3 friends, or against computer-selected opponents, and perform the antics made famous over the past 65 years by the irrepressible Clown Princes of Basketball™. Choose to play as a Harlem Globetrotter or face off against them. In either case, you'll combine awesome basketball skills with high hilarity.

This Nintendo game is unpredictable! It's unequaled! It's an action-packed entertainment treat for "kids" of all ages!

This official seal is your assurance that Nintendo has reviewed this product and that it has met our standards for excellence in workmanship, reliability and entertainment value. *Always* look for this seal when buying games and accessories to ensure complete compatibility with your Nintendo Entertainment System.

CONTROL PAD

1. Highlights playing options (team, players, level, time).
2. Moves your player around the court.
3. Controls the direction of your pass.
4. Sends your player up for a jump ball.

SELECT BUTTON

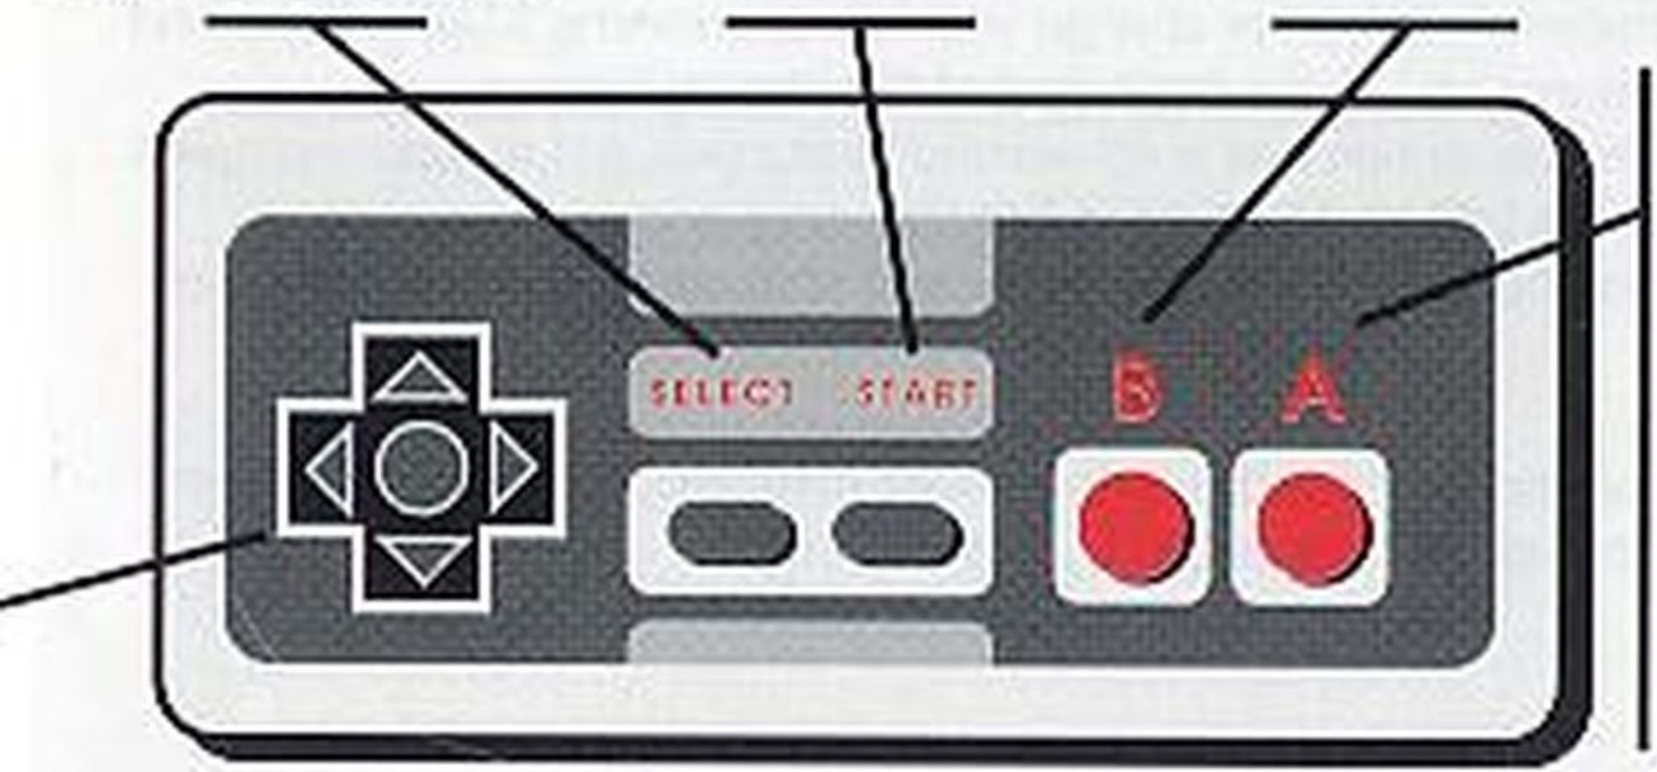
1. Confirms playing options.
2. Shoots the ball for the Generals.
3. Makes a trick pass for the Globetrotters.

START BUTTON

1. Repeats playing options.
2. Passes for the Generals.
3. Makes a trick shot for the Globetrotters.

B BUTTON

1. Highlights playing options.
2. On offense, makes the player jump to shoot and shoots the ball.
3. On defense, jumps to block.



A BUTTON

1. Highlights playing options.
2. On offense, passes and inbounds the ball (in conjunction with the Control Pad).
3. On defense, steals the ball.

1. Insert your Harlem Globetrotters cartridge. (If you are playing a 3- or 4-player game, you will need an NES satellite.) Press any button to advance to playing options.

2. When options are offered (play the computer, be a Globetrotter or a General, have 1 or 2 players on your team, or play as a Rookie or Pro), use any button *except select or start* to highlight your answer; press SELECT to confirm your choice. If you make a mistake or change your mind, pressing START at the end of the options returns you to the beginning of the playing options.

   a. The Rookie play option has a 45-second shot clock and an opponent who will not steal the ball as easily as in Pro play.

   b. The Pro play option gives you a 24-second shot clock and a faster-paced game.

3. To set the time for each quarter (not in exact minutes), use the up or down arrows on the Control Pad; press SELECT to confirm.

1. To win, you must outscore your opponent in 4 quarters of play.

2. In the case of a tie, 1-minute overtime quarters will be played until one team wins. (The scoreboard will show these periods as "OT".)

3. The general rules of basketball are used:
   a. A basket *outside* the 3-point line scores 3 points; a basket *inside* it scores 2 points.
   b. As soon as you receive the ball, you have 24 seconds in Pro play (45 in Rookie play) to shoot the ball.
   c. You have 5 seconds to inbound the ball and 10 seconds to cross the center line.

GAME PLAY MOVES

OFFENSE: You are always in control of the player who has the ball.

DEFENSE: You control one defensive player and the computer will move the other defensive players.

JUMP BALL: At the beginning of each quarter, there is a jump ball. Once the players are in position, the player using Controller #1 presses *any* button for the referee to throw the ball. Players press their up arrows to make their players jump for the ball.

PASSING: Pass the ball by pointing the Control Pad left, right, up, down or diagonally toward the player you want to receive the ball; press the A Button. (Be careful—your opponents can and will steal passes!)

SHOOTING: A player can shoot from anywhere on the court by pressing the B

Button: a Globetrotter can try a trick shot by pressing the START Button.

SLAM DUNK: When the path is open, use the Control Pad to drive your player to the basket; press the B Button. Hint: Try this shot from the top of the key for an exciting (jumping, flying) slam dunk.

→

JUMP SHOT: Position your player with the Control Pad. Press and hold down the B Button for the player to jump. When you release the B Button, the ball is shot. (Be careful not to hold the B Button too long, or a traveling call will result.)

REBOUNDING: Move your player, offense or defense, to the best position under the hoop as quickly as you can after the shot.

←

STEALING: Try to anticipate an inbound pass to your opponent and stay as close to him as possible, pressing the A Button repeatedly. When your opponent catches the ball, press the A Button repeatedly to steal it.

INBOUNDING THE BALL: Use the Control Pad to face your player in the direction of one of the other players on your team; press the A Button to pass the ball. (Remember, the 5-second clock is ticking!)

BLOCKING SHOTS: Position your player between your opponent and the basket. While your opponent is driving or shooting, press the B Button. If you are in the *proper position*, your player will jump and block the shot. (Blocking is automatic on the Rookie level.)

1. One-Player Game:

You can play against the computer as either a Harlem Globetrotter or a Washington General™. The Globetrotters are in blue uniforms; the Generals, in white. Use Controller #1 regardless of which team you have chosen to play on. Your player's uniform will turn yellow if you are the Globetrotter. Your player will wear dark green if you are the General. Each time you pass the ball, you control the player with the ball and his uniform turns the color noted. Remember, you can control only one player at a time.

2. Two-Player Game:

a. You can play against a friend, each choosing an opposing team. Controller #1 is used for the General. Your player will wear dark green. Controller #2 is used for the Globetrotter. Your player will wear yellow.

b. You and a friend can play as two Globetrotters against a computer

Generals' team or as two Generals against a computer Globetrotters' team.

1) If you are both Globetrotters, the player using Controller #1 will control the Globetrotter wearing yellow; the player using Controller #2 will control the Globetrotter in lavender.

2) If you are both Generals, the player using Controller #1 will control the General wearing dark green; the player using Controller #2 will control the General in flashing light green.

1. Three-Player Game:

You can control 2 players on either team against one player on the other team.

a. If you select 2 Globetrotters and 1 General, the controllers and colors are as follows:

1) Controller #2 for the Globetrotter in yellow and Controller #4 for the Globetrotter in lavender.

2) Controller #1 for the General in dark green.

b. If you select 2 Generals and 1 Globetrotter, the controllers and colors are as follows:

1) Controller #1, for the General in dark green and Controller #3 for the General in flashing light green.

2) Controller #2 for the Globetrotter in yellow.

2. Four-Player Game:

You control 2 players on each team.

a. For the Generals, use Controller #1 for the player in dark green and Controller #3 for the player in flashing light green.

b. For the Globetrotters, use Controller #2 for the player in yellow and Controller #4 for the player in lavender.

THE SCOREBOARD

Current Quarter

Time Remaining in Quarter

Shot Clock:

45 sec. in Rookie Play

Globetrotters' Score

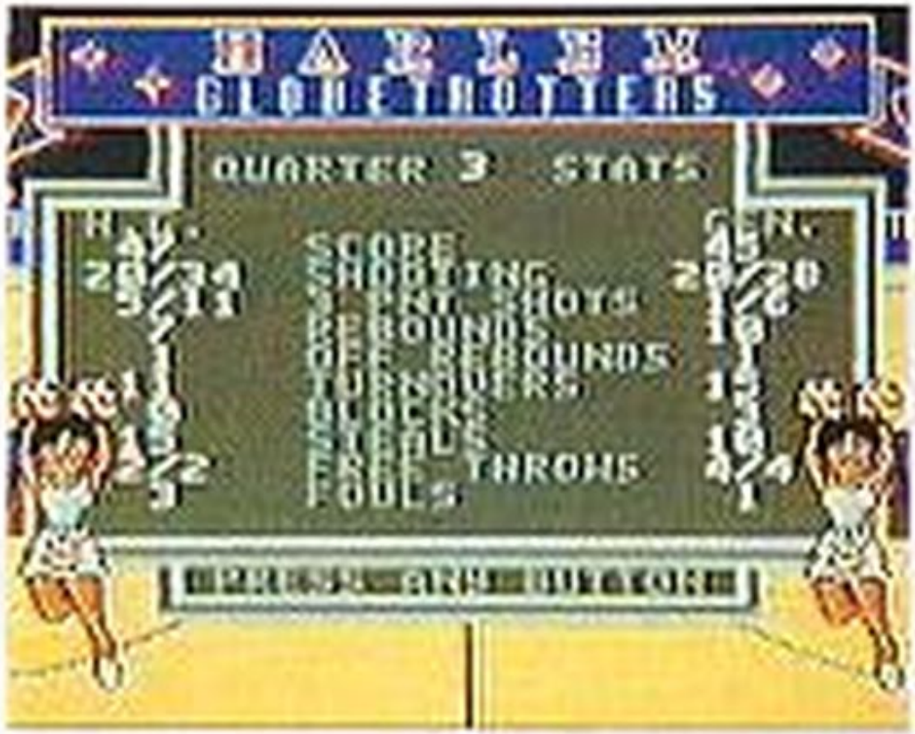
Generals' Score

SCORING:

2 points are scored for a field goal from inside the 3-point line (the arc that extends beyond the top of the key).

3 points are scored for a field goal from outside the 3-point line.

END-OF-QUARTER STATISTICS



SCORE: Total of 2-point field goals, plus 3-point shots, plus free throws. (47)

SHOOTING: A display of 20/34 means that 20 (2- or 3-pointers) field goals were scored out of 34 total shots taken.

3-POINT SHOTS: A display of 5/11 means that five 3-point shots were scored out of 11 shots taken, for a total of 15 points.

REBOUNDS: The number of times your player(s) successfully rebounded the ball after an opponent missed a basket. (7)

OFFENSIVE REBOUNDS: The number of times your player(s) rebounded your own missed shots. These are difficult rebounds to make. (1)

TURNOVERS: The number of times your opponent got the ball as a result of violations or steals. (11)

BLOCKS: The number of times a shot was blocked. (0)

STEALS: The number of time you took (stole) the ball from your opponent. (15)

FREE THROWS: A display of 2/2 means two 1-point foul shots were scored out of two attempted, for a total of 2 points.

FOULS: The total number of shooting, blocking and charging fouls. (3)

VIOLATIONS

Violations are infractions of the rules. They result in "turnovers" (the other team getting the ball).

Violations include:

5-SECOND VIOLATION — While inbounding from under the basket after your opponent scores, or while inbounding from half-court, you have 5 seconds to pass the ball from the time you gain possession.

10-SECOND VIOLATION — You have 10 seconds to get the ball across mid-court, either by passing or dribbling after gaining possession of the ball.

24-SECOND RULE — From the time you gain possession of the ball, you have 24 seconds to shoot the ball (45 seconds in Rookie play), or the other team takes possession of the ball. If you shoot and miss and grab the rebound, the 24-second clock (located on the scoreboard) resets and you have another 24 seconds to shoot.

BACKCOURT VIOLATION — If you dribble or pass the ball "back" across the center line once you have crossed it, this violation is called.

TRAVELING — If you jump to shoot (B Button) and do not release the ball before your feet hit the ground, traveling is called.

There are three types of fouls: shooting, blocking and charging. Shooting fouls and blocking fouls result in free throws; charging fouls result in turnovers.

1. Shooting Foul — occurs when the defensive player is a little too rough with the shooting offensive player.

2. Blocking Foul — results when the offensive player is moving and the defensive play is too rough on the offensive player.

3. Charging — occurs when an offensive player moves into a defensive player who is motionless.

FREE THROWS

When a free throw occurs as the result of a foul, the players line up around the key. Use the Control pad right or left to line up and center your player on the foul line: press the B Button to shoot. You have 2 free throws for each shooting or blocking foul, or 1 free throw if the shot on which the player was fouled is good — a 3-point play. (Watch for the Globetrotters' trick free throw!)

The Globetrotters are constantly up to their usual tricks. At your commands, they'll do their trick shots and trick passes, which are randomly selected by the computer.

1. Trick Shots: Use your START Button (instead of the B Button).

a. Kick Shot — Player attempts to "punt" the ball into the basket instead of throwing it. →

b. Behind-the-Back Shot — Player shoots the ball from behind his back with one hand. ←

c. Two-Handed-Behind-the-Back Shot — Player shoots with both hands behind his back.

d. Bounce Shot — Player bounces the ball against the court floor to shoot.

e. Somersault Slam Dunk — Player "flips" through the air, somersault style, then slam dunks the ball.

f. Half-Court Hook Shot — Player takes a hook shot from half-court.

g. Piggyback Shot — One Globetrotter jumps on the back of another Globetrotter and shoots.

h. Foul-Line Shot — Foul shooter has the ball on an elastic string. When he shoots the ball, it snaps back to him.

2. Trick Passes:

Press and hold down the directional arrow on your Control Pad to face towards the player you want to pass to, then press your SELECT Button.

a. Shoulder Roll Pass — The ball rolls up one arm, across the shoulders to the other arm, and is then passed to a teammate.

b. Behind-the-Back Pass — Player passes the ball behind his back. →

c. Finger-Spin Pass — Player spins the ball on both hands before passing.

SAFETY PRECAUTIONS

1. This high-precision Game Pak contains complex electronic circuitry. Avoid temperature extremes when storing it or unnecessary shock when moving it.

2. Terminal connectors should not be touched or allowed to get wet or dirty. This can damage the game.

3. Never attempt to open or take apart the Game Pak.

4. Do not clean the Game Pak with paint thinner, benzene, alcohol, or any such solvents.

5. Be certain that the Control Deck POWER BUTTON is turned off when inserting or removing the Game Pak cartridge.

MESSAGE TO PLAYERS
